

ASX Announcement

Thursday 28 July 2016

MHM QUARTERLY ACTIVITIES REPORT

MHM Metals (ASX: MHM) is pleased to provide the following Quarterly Activities Report for the period ended 30 June 2016.

Corporate

During the Quarter, the company acquired a total of 4,890,540 shares under the Small Share Parcel Buy-Back facility which were immediately cancelled, reducing the company share count to 136,228,616 at a cost of \$161,388.

The Company also finalised the sale of its US property resulting in net proceeds of approximately USD\$507,000.

As at 30 June 2016, the Company held cash and deposits totalling \$7,484,000 and investments valued at c\$656,000, for a total cash and investments position of c\$8,140,000.

Subsequent to the Quarters end, the Conditional agreement for the sale of the Company's Moolap property was terminated, due to non-satisfaction of the conditions precedent.

Business Development

On 12 July 2016 the Company announced to the market that it had become a significant shareholder in KIN Mining NL (ASX: KIN). In this capacity it sought to discuss an indicative, non-binding merger proposal with KIN. On 14 July 2016 KIN advised the market that it was unwillingly to discuss the proposal with the Company and MHM ceased to be a substantial shareholder on 19 July 2016.

With its significant cash reserves, the Company continues to advance a number of potential opportunities it has identified in the resource sector where its balance sheet and management experience can be applied to add value to the benefit of MHM shareholders.

Trading in MHM shares will remain suspended on ASX until such time as the Company has identified a suitable new opportunity and has met the necessary requirements under ASX Listing Rule 11.1 that may apply in relation to that opportunity (including re-complying with Chapters 1 and 2 of the ASX Listing Rules, to the extent required).

END

Notes

- 1 The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity wanting to disclose additional information is encouraged to do so, in a note or notes attached to this report.
- 2 The "Nature of interest" (items 6.1 and 6.2) includes options in respect of interests in mining tenements and petroleum tenements acquired, exercised or lapsed during the reporting period. If the entity is involved in a joint venture agreement and there are conditions precedent which will change its percentage interest in a mining tenement or petroleum tenement, it should disclose the change of percentage interest and conditions precedent in the list required for items 6.1 and 6.2.
- 3 **Issued and quoted securities** The issue price and amount paid up is not required in items 7.1 and 7.3 for fully paid securities.
- 4 The definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report.
- 5 **Accounting Standards** ASX will accept, for example, the use of International Financial Reporting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if any) must be complied with.
